Check rates at the facility

**park smart**

**PARK HAPPY SARASOTA!**  
DOWNTOWN PARKING DISTRICT

The new parking program improves accessibility, creates turnover and improves walking distances to stores and restaurants. With less cruising around to find a place to park, there will be fewer vehicles emissions—which will help reduce pollution downtown. Free parking spaces are still provided on-street and in the parking garages within close proximity of your destination.

• **2 HOURS FREE** Using the beautiful State Street or Palm Avenue parking garages helps make your trip simple and gives you more time to stroll the beauty of downtown. The garages are well lit, safe, and easy to use.

Time and days of operations vary, so be sure to observe all signage about metered parking or time restrictions. For assistance or sharing comments, please contact the City of Sarasota Parking Division by emailing us at [Parkinginfo@SarasotaFL.gov](mailto:Parkinginfo@SarasotaFL.gov).

• **METERED PARKING** The new pay stations are as easy to use as an ATM, and provide 10 minutes free parking! Metered parking areas are highlighted on the map in dark green.

**Look for a pay station**  
or use the **ParkMobile app**
