

# Sarasota County Emergency Management

## Flash Report #14

March 12, 2020

Activation Level 3: Monitoring

Event Name: COVID-19

### Watch, Warnings, Advisories

International Travel Advisory  
Nile Cruise Advisory  
Advisory on Port Everglades

### Possible Impacts

More cases of COVID-19 are likely to be identified in the coming days, including more cases in the United States. It's also likely that person-to-person spread will continue to occur, including in communities in the United States. It's likely that at some point, widespread transmission of COVID-19 in the United States will occur.

### Timing

Symptoms may be mild to severe and may appear 2-14 days after exposure.

### Key Points

There is currently no vaccine to prevent COVID-19. The best way to prevent illness is to avoid being exposed to this virus. As a reminder, the Department always recommends everyday preventive actions to help impede the spread of respiratory diseases, including:

Avoiding close contact with people who are sick  
Staying home when you are sick and avoiding contact with persons in poor health;

Avoiding touching your eyes, nose and mouth with unwashed hands;  
Covering your cough or sneeze with a tissue, then disposing of the tissue;

Washing your hands often with soap and water for at least 20 seconds, especially after going to the bathroom, before eating, after blowing your nose, coughing or sneezing; - If soap and water are not readily available, use an alcohol-based hand sanitizer with at least 60% alcohol. Always wash hands with soap and water if hands are visibly dirty;

Cleaning and disinfecting frequently touched objects and

### Situation

As of 10 a.m. today, there are no new cases of the novel coronavirus, or COVID-19, being reported in Sarasota County. The Florida Department of Health continues to see new positive cases across the State, please visit [www.flhealth.gov/covid-19](http://www.flhealth.gov/covid-19) for the most current case count.

President Donald Trump announced in an address to the nation last night that to keep new cases from entering our shores, we will be suspending all travel from Europe to the United States for the next 30 days. The new rules will go into effect Friday at midnight. These restrictions will be adjusted subject to conditions on the ground.

State universities have been directed to make plans to transition to remote instruction as soon as possible.

Gov. Ron DeSantis announced an executive order Wednesday afternoon. The order restricts visitors from nursing homes and assisted living facilities for a period of two weeks after they: Show symptoms of any respiratory infection or are sick, travel internationally, have been aboard a cruise ship, visited an area with community spread of the virus, or live in an area with community spread.

DOH continues to visit all licensed long term care facilities in Sarasota County to ensure proper COVID-19 infection control guidelines as established by the CDC are being used to prevent the spread of the virus

The Florida Department of Health reminds everyone that the elderly and those with underlying medical problems like high blood pressure, heart problems and diabetes are more likely to develop serious illness. Please remember to wash your hands with soap & water. cover your coughs & sneezes with your arm, not your hands. If you're sick, stay at home & avoid crowds.

### Sarasota County Actions

The Emergency Management Team is monitoring the spread of COVID-19. EM is coordinating, planning, and implementing preparedness actions with the Department of Health. DOH Sarasota is coordinating preparedness actions with the State and coordinating with local partners as needed.

EM has a City /County /Constitutional Leadership call today to discuss the governor's updates regarding nursing homes, assisted living facilities and Florida's public universities.

Sarasota County Emergency Management will be participating in conference calls with the Florida Division of Emergency Management every Monday, Wednesday, and Friday.

The EM team is coordinating critical resource needs with the Department of Health, Public Safety, Hospitals, and other partners. These partners received an invite to the Smartsheet form to input available resources.

A COVID-19 Emergency Requisition Request Form must be included with all COVID-19 WebEOC Resource Requests entered by counties, including personal protective equipment (N-95 mask, hand sanitizer, etc.) and testing supplies.

### Directors

All personnel should ensure staff is situationally aware of the spread of COVID-19 and personal protective measures to reduce or prevent influenza like illnesses. Any information regarding employee communications and messaging coordinate with Sarasota County Communications Department. All department and agencies with potential press releases coordinate with Sarasota County Communications Department by calling 861-NEWS or [news@scgov.net](mailto:news@scgov.net). If the situation escalates

### Locations with Confirmed COVID-19 Cases

### Essential Elements of Information

<b>Level 2</b> State EOC Activation	<b>Declared</b> State of Emergency	<b>1230</b> People Monitored to Date	<b>301</b> Total Negative Results
<b>2</b> Florida Resident Deaths	<b>26</b> Total Florida Cases	<b>476</b> Currently Being Monitored	<b>147</b> Total Pending Results

### Positive Florida Cases by County

touching objects and surfaces using a regular household cleaning spray or wipe.

The CDC does not recommend that asymptomatic, healthy people wear a facemask to protect themselves from respiratory diseases, including COVID-19. Facemasks should be used by people who show symptoms of COVID-19 to help prevent the spread of the disease to others. The use of facemasks is also crucial for health workers and people who are taking care of someone in close settings (at home or in a health care facility).

### EMS Conference and Daytona Bike Week Advisories

The Department, through an extensive, ongoing epidemiological investigation, has identified a positive COVID-19 case that may have been associated with Daytona Bike Week 2020, which is currently underway and scheduled from March 6-15, 2020, in Daytona, Florida.

The Department, through an extensive, ongoing epidemiological investigation, has identified a positive COVID-19 case that may have been associated with an EMS Conference held from March 4-6, 2020, in Tampa, Florida.

The Department recommends all individuals experiencing symptoms who attended either of these events immediately contact their County Health Department or health care provider and self-isolate for 14 Days.

### Nile Cruise Advisory

The department is advising all individuals who traveled on a river cruise on the Nile River in Egypt in February 2020 to self-isolate for 14 days following their date of return to the United States. Several passengers in the United States recently developed symptoms and have been confirmed to be infected with coronavirus disease 2019 (COVID-19), including two presumptive positive cases in Florida.

### How to Prepare and Take Action

#### At Home

#### At School

#### At Work

### International Travel Advisory

DOH is advising all individuals who have traveled internationally to follow the new CDC guidelines

Level 3: Mandatory 14-day self-isolation and practice social distancing upon return to the United States. Social distancing includes avoiding going out in public and close personal interactions. If you become symptomatic, immediately self-isolate and contact your county health department or health care provider.

Level 2 and Cruises: Monitor your health and limit interactions with others for 14 days after returning to the United States. If you become symptomatic, immediately self-isolate and contact your county health department or health care provider.

For more information regarding current CDC travel advisories related to COVID-19, visit: <https://www.cdc.gov/coronavirus/2019-ncov/travelers/index.html>

### Advisory on Port Everglades

The Department, through an extensive epidemiological investigation, identified this new case as the third positive case of COVID-19 associated with Port Everglades in Broward County, Florida. Further, all three cases are connected to or employed by Metro Cruise Services – a company that operates at Port Everglades.

The Florida Department of Health recommends all individuals experiencing symptoms who have recently travelled through Port Everglades to immediately contact their County Health Department or health care provider and self-isolate for 14 Days.

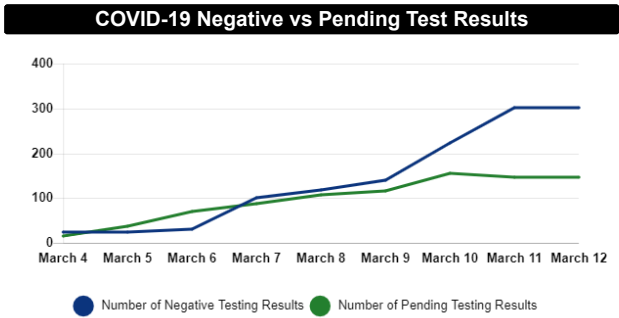

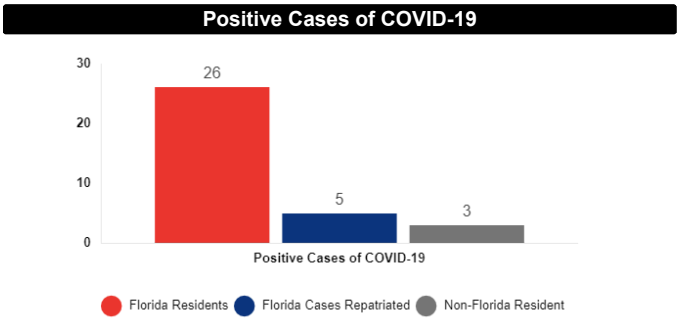

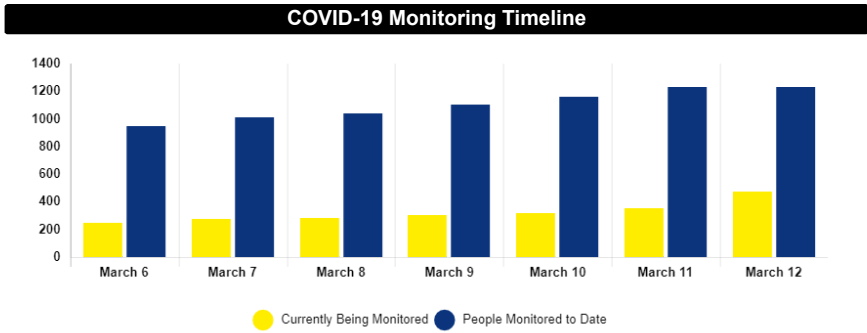

The Department also recommends employees of Metro Cruise Services at Port Everglades with any association to these cases self-isolate at home.

The Department is working to connect with all employees at Metro Cruise Services who may have come into contact with the three individuals who have tested positive for COVID-19 to provide the employees with the appropriate guidance and monitoring.

The department is working in close consultation with the Centers for Disease Control and Prevention (CDC) on this investigation.

The CDC recommends that individuals with recent travel history on a cruise to monitor their health for 14 days and, if they develop symptoms, to immediately self-isolate and contact their County Health Department or health care provider.

Please call the state of Florida's 24/7 hotline for COVID-19 at 1 (866) 779-6121 for assistance in connecting with your County Health Department or health care provider.

**People Under Public Health Monitoring:** The number of people under public health monitoring includes those at risk of having been exposed to COVID-19 who are monitoring their health under the supervision of public health officials.

**Florida Cases Repatriated:** The United States Department of State officially coordinated the return of a person living in Florida to the United States and those persons are isolated at a federally designated site until healthy. A repatriated case is when the United States Department of State officially coordinates the return of a Florida resident to the United States.

**Presumptive Positive:** A Presumptive Positive is when a state health lab has a positive test without CDC confirmation.

**Confirmed:** A Confirmed status is given when the Presumptive Positive sample is then confirmed by the CDC.
