**Lido Beach Repair Project**

During the construction of the Lido Beach Emergency Repair project additional sand filled the borrow area and that additional sand could be used on Lido Beach. As the condominiums on the southern end of the project are extremely vulnerable to wave activity the additional sand was placed in this area. We were able to add 19,565.24 cubic yards of sand to help protect these condominiums.

This Budget Amendment is to request that fund balance from the Tourist Development Tax Fund be reallocated to the Lido Beach Emergency Repairs project for the additional 19,564.24 cubic yards of sand placed which increased a portion of the beach's width (between R-42 and R-43) by 19 feet.
