

Streamlined Low Voltage Alarm System Permitting
for One and Two Family Residences in the City Of Sarasota

Due to new statutory requirements, the following policy is now in effect for low voltage alarms systems installed in **One and Two family residences only**.

1. We will continue permitting these type systems in the following way.

Contractors may request permit labels, these are to be considered a reservation for a future permit. These labels will be valid for one year, from October 1st to September 30th each year. After 12 months, the permit label will become null and void.

The bill reduces the maximum charge for a uniform basic permit for hardwire, low-voltage alarm systems, the bill reduces the maximum charge for a uniform basic permit for a hardwired, low-voltage alarm system from \$55.00 to \$40.00.

The Contractor will be required to post the permit label in a conspicuous place on the premise prior to commencing work.

The Contractor is also required to notify the City of Sarasota Building Division within 14 days of completing the project by faxing the completed "Uniform Notice of Low Voltage Alarm System project" form and faxing the form to the City Of Sarasota Building Division @ 941-954-4178.

The City reserves the right to randomly inspect the projects for code compliance.
